Abstract:

For historians and researchers it is very important that afghan people still Maintain their code of life for thousand of years. Jirgha is one of the great examples of their Norms and values. Which is an alternative of an elected parliament to maintain their social and political relations among them? Jirgha system played great historical role in Afghan's national interest Jirgha is not related with pushtoon society although the other nationalities of the state like Uzbek , Tajik, Hazara, Balooch Turkman are also adopted jirgha system of their social and political relations. In the ancient society of sub-continent, Saba or panchayath system were using as jirgha .Local jirgha was used for solutions of local problems and loya jirga was for the setting of national level decisions. In the local jirgha all the participations are setting in circle, which shows that there is no difference between them.

Key words: historical role, loya jirgha, politics, Afghanistan, brahvi, Pashto, folk, stories, literature.
