ABSTRACT

Orthography plays a basic and most important role in development of a language. But it is one of the most neglected and undiscussed issue in Brahui. There are so many debatable issues in Brahui orthography but some most important parts of speech and cases in Brahui are indiscriminately used and misspelled out of rule and regulations of the grammar. Indiscriminate misspelling of the Alphabet () in various cases of Brahui has disturbed and mixed up the meanings of the words and the original words have lost their real shape. This article deals with the same serious misspelled and erroneous usages of () in various cases, and tries to eradicate these errors and show the real face of the important cases to bring uniformity in Brahui orthography.

Keywords: Orthography, misspelled, erroneous, eradicate.
