

## Lexical Experiment in Bráhuí Poetry

Saní L.Alí

### Abstract

This research article shows the experimental improvement in Bráhuí poetry although Bráhuí poetry experiences prosperous itself regarding style, rhyme and genre since 1990. It further proves that senior most lyrists have initiated lexical experiment in Bráhuí poetry. When some ones thoughts, opinions and feelings would dresses up with stylistic experience, then it shows the hardship, sorrows' and trial of life, it is known as self defined poetry too, Which deals with your inner life activity. Such feelings generate lexical experiment and improvement in Bráhuí. This was the period when Bráhuí "ĠAZAL" reached its Destination.

*Keywords:* lexical experiment, opinions and feelings, sorrows' and trial, Bráhuí Ġazal.
