

Exploring the Nexus of Research and Criticism

تحقيق او تنقيد يو بل ته اړتيا منډ

Muhib Wazir (Lecturer, Government Degree College Miranshah) (North Waziristan)

Abstract:

In this research paper, the scholar has strived to develop the causal link between the process of research and criticism that dialectically help in the development of authentic, effective and applicable knowledge base in every society of the world. While narrowing his prism on the literary research and criticism he has shared the inevitability that combines research and criticism as supplementary process. The paper also caters basic tips for dealing with different stages of literary and academic research and especially focus on the essentials for analysis.

Key words: Research, Criticism, Causal Link, Nexus.
