

Word Formation in Pushto

پښتو کښې نوي لغتونه

Faqir Muhammad Faqir (Lecturer, Pakhtunkhwa Study Centre, Bacha Khan University, Charsadda)

Abstract:

Neologism is a new coin words, terms or old one in new meaning which develops through development of life, new invention, phenomena, science and cultural context. Mas media plays important role in spreading the word formation.

For neologism it is necessary to take position in social life use. New words coins in languages according the need of expression. In this paper I will discuss some process of word formation in Pushto, Pushto is one of the languages which absorbed foreign words and also create new word and terms.

Key words: linguistics, neologism, Pashto, word formation, social life.
